

Hytech Machine Tool & Automation India Private Limited

www.indiamart.com/hmtaindia

We are one of the promising manufacturer, supplier and exporter of a wide assortment of **Computer Numeric Control Lathe Machines**. Our range is highly acclaimed for its long service life, excellent performance and sturdy construction.

Profile

We, “**Hytech Machine Tool & Automation India Private Limited**”, are counted amongst the prominent manufacturers, suppliers and exporters of a comprehensive range of **CNC Lathe Machines**. Furthermore, we initiated our business operations by undertaking CNC servicing retrofitting AMC and further from the year 2007 stepped in the domain of machine manufacturing for mainly PVC industry.

Being a renowned service provider, we are also engaged in undertaking annual maintenance contract & servicing of CNC machines, systems, drives and accessories. We also undertake contract manufacturing in terms of design services. CNC Lathe Machines offered by us are available in varied specifications and well-known for their long service life, excellent performance & sturdy construction. We are also backed by superior machining and designing facilities that enable us in efficiently meeting the growing and application requirements of varied industries. Moreover, our team of professionals keeps a tab on the latest technological advancements and makes sure to incorporate the same in the entire product line. Owing to these factors, we have been able to cater to the demands of our esteemed clients based in **Delhi, Bangalore, Ghaziabad, Ahmed Nagar, Rourkee, Barghar, Indian Subcontinent, East Asia, Middle East** and **South East Asia**.

A B.E. (mechanical) graduate, our managing director, '**Mr. Nagaraj K.M**', holds wide industry experience and knowledge in this domain. He has done in post graduation diploma in tools designing and has been a source of inspiration for the whole team. Under his able guidance, we have been able to carve a niche in this highly competitive industry.
